

# Chicago Area Grant Report

Working collaboratively, Chicago's philanthropic community is pleased to introduce another initiative to streamline the grant reporting process. Representatives from Chicago's foundations and corporate giving programs as well as a broad range of nonprofit organizations have designed the Chicago Area Grant Report to complement the Chicago Area Grant Application Form.

The purpose of the Chicago Area Grant Report is to help grantmakers better understand the organizations and programs they fund as well as to give nonprofits an opportunity to share information and reflect upon the progress of their programs.
